## **Pre-Class Instructions**

Allow 6-8 hours for this prep work. Follow the pattern instructions for

**1) Cutting and labeling** The pattern has a sheet of labels that are color-coded and tell you the name of the piece, the size to cut and how many of each piece to cut. Also you may want to write the color of fabric or one or two word description of the fabric on the labels.

**2) Fusing** Follow step 1-7 on page 5 - **note changes** to step 2 and 8

On STEP 2, With right sides together, sew 2 inches on each side of the fabric bag lining pieces, be sure to back stitch. This will leave an opening in the seam approx. 7-8 inches long. This is used to turn the bag. Cut the fusible foam for the inner front and back lining (12 inches by 35 1/2 inches) in half so you have 2 pieces 12 inches by 17 3/4 inches. Fuse one piece on each side of the seam.

Step 8, Skip and bring fabric and batting to class

**3) Quilting** There is a list in the pattern of the pieces to be quilted. (Page 6, Step #8)

**4) Handles** Sew according to instructions (Page 8, Step #9)
