General Supplies:

Thread to match all fabrics
Wonder Clips
Straight Pins
Scissors
Stiletto
Seam ripper
Chalk or Fabric Marker
Rotary Cutter and Mat (some are available on-site)
Rulers
Iron and Pressing Mat optional (some are available on-site)
Sewing needles Universal 90/14 or Denim 90/14
Double sided basting tape
Pen, pencil and paper for making notes

Pre-Work:

This pattern must be purchased from the website (not available in paper form)

<https://saltysews.myshopify.com/products/everything-but-the-machine-tote-pattern-only>

Print the pattern off. Each customer must purchase the pattern, please do not make copies to share with your friends.

On page 3 of the pattern is a great check off list for cutting pieces. All the pieces are fused with interfacing (SF 101) but 4. These 4 pieces are listed in the “Lining” in the checklist. Check out the “Tips & Hints” beside the check list. The pattern suggests cutting these 4 pieces first, then fusing the rest of the fabric with the interfacing, then finish cutting the remaining pieces. By pre-fusing the fabric you will save time and you will not have to cut the interfacing again. **Be sure to label all the pieces with the name and the measurements.**

In class we will start on page 4 with “Add tabs to the zippers”

The front panel of the bag can be embroidered, or a small panel can be used, or fussy cut a design. If you have a cutting machine such as a “Cut & Scan” you can add a design or name using vinyl.

Here is the link for the embroidery design on the sample; the words were added from fonts in the machine

Embroidery design.com has another design that is the same except has the words “Tools of the Trade” added, here is the link:

I would suggest doing any embroidery before class.
